

SERVER SCRIPT

AUTO SUBMIT PLANNING SHEET

Script Type: DocType Event

Reference Document Type: Production Plan

Event Frequency: All

DocType Event: After Submit

Script

```
# 1. Try to find the Planning Sheet ID (Check both standard and custom names)
pl_name = doc.get("custom_planning_sheet") or doc.get("planning_sheet")

if pl_name:
    # 2. Fetch the Linked Document
    # Ensure the DocType name matches exactly what is in your URL (Planning sheet)
    pl_doc = frappe.get_doc("Planning sheet", pl_name)

    # 3. Submit only if it is currently Draft
    if pl_doc.docstatus == 0:
        pl_doc.submit()
        frappe.msgprint(f"📄 Auto-Submitted Linked Planning Sheet: <b>{pl_name}</b>")
    else:
        frappe.msgprint(f"❗ Planning Sheet {pl_name} was already submitted.")

else:
    # Debugging: If this message appears, the link field is empty or named something strictly different
    frappe.msgprint("⚠️ Auto-Submit Script ran, but no 'Planning Sheet' link was found.")
```
